Every single soul out there is in the rat race of life, aptly abiding by Darwin's famous principles of *survival of the fittest* and *natural selection*. And too few of those who get ahead will share the secrets of their success...

How successful is your life? Have you always been on top in your professional life, or have you always been loved by everyone in your personal life? It is said that experience teaches a lot in life. But before you go through that bitter experience only to learn a lesson, check this book, "*Success Principles: What Nobody Will Teach You!*", out. Because no one has the time to hold your hand and help you climb the ladder of success. You have to fend for yourself and learn life's nuances on your own.

Reading this book can be a turning point in your life. You can also find out what is stopping you from attaining that height you so well deserve. You don't need friends depending neither do you have to watch an interview being aired on television to learn successful people's secrets. This book has been carefully written keeping in mind how unique and different people's personalities can be. It's definitely a must-have motivational reading material.
