This is perfect for any beginner trying to start Beekeeping!

This book contains proven steps and strategies on how to install your very own behives. Apiaries are a good addition to your backyard. The excitement of constant buzzing of the bees and added with the wafting smell of honey creates a very unique backyard.

Beekeeping has become favorite pastime in the last two decades. More and more people are even recognizing the profitability in the business too.

Imagine this scenario: beekeepers usually loan out their bees, so that farmers can use them to pollinate their farms or orchards. This scenario would have been unheard of, a few decades ago. However, with the increase in usage of pesticides and insecticides on our crops, we have seriously dented the population of bees. Thus, beekeeping also helps in maintaining the balance of our modern day fragile ecosystem.

Here Is A Preview Of What You'll Learn...

- Dangers and risks associated with beekeeping
- How to choose your Bees
- How to create your first Hive
- Colonizing your Hive
- How to care for the Queen
- How to harvest your Honey
