In the 1400s Ryce Leon moves to Scotland to escape the horrors of his past. The lusty Englishman is content to wear kilts and share his unique talents with the satisfied lasses of Rannoch. However, fate brings a forsaken young waif into his life, Chrisselle Buchanan.

What begins as a simple pairing of Master and pet evolves into something powerful, with the potential to free Ryce from his unbearable curse. Extended Description: Ryce Leon is a Master of exceptional experience, introducing the women of Rannoch to his rare skills. Unbeknownst to them, he hides a tragic secret - one that forces him to move from place to place, never putting down roots for fear of discovery. He has learned the terrible price of love and will not suffer such loss again.

When the dying Chrisselle is thrust upon him, he is determined to rid himself of her as soon as she recovers. However, the Scottish waif's brave spirit and curious nature eventually break down his defenses. It is clear that fate has brought them together, but Ryce knows from experience that fate can be a cruel mistress.
