Tempting and volatile; he's the hottest thing that never should have happened to me.

It was supposed to be a one-time thing; my one one-night stand. **He's the tattooed, bareknuckle fighter with a body built for sin** who I found beaten and bloodied in my elevator that night. He's the one I patched up, the one I took care of, and the one I apparently couldn't say no to when his mouth touched mine...

A one night stand. Just one night, right?

Yeah, wrong, because I just found out my "mysterious stranger" is actually going to be my brother-in-law in half an hour.

Logan f**king Dempsey. The arrogant, panty-melting, rude and crude Marine-turned-billionaire who runs my late father's company. He's my new boss. He's the best man in this wedding. He's everywhere, and I can't escape him.

No matter how wrong it might be...

Holy f*ck. Of all the girls in all the world, she has to be the random chick who found me that night and saved my f*cking life?

She looked strangely familiar that night. Now that I know who she is, it's like original sin staring me in the face.

Good-girl doctor, totally off-limits Quinn Archer is literally the last girl on the whole damn planet a screwed-up guy like me should have anything to do with. I know this, I swear I do.

There's playing with fire, and then there's sticking your hand in the flames. If I keep ignoring the rules, we're both going to get burned. It's just...

Yeah, f*ck the rules; she's gonna be mine.

******This is a standalone book with a HEA; NO CLIFFHANGER!******

This book can be read entirely on it's own, although you may find the story more enriching by reading the full Soldiers of Fortune series.
