The Ones Who Matter Most Rachael Herron

From the acclaimed author of *Splinters of Light* and *Pack Up the Moon* comes a beautiful novel about two very different women who are about to get a second chance at creating a family...

After her husband dies unexpectedly, Abby Roberts comes across something startling: wedding photographs of him with another woman, along with pictures of a baby boy. Shocked, Abby does something utterly impulsive: She embarks on a journey to discover the family her husband apparently left behind.

Money has always been tight for single mom Fern Reyes, and never tighter than now. But this month, in place of a child-support check, her ex's pretty, privileged wife appears on her doorstep with far too many questions. Unfortunately, her young son is so taken with Abby that Fern doesn't have the heart to send her away.

What begins as one woman's search for truth becomes a deep bond forged between the unlikeliest of people, and the discovery that there are many ways to make a family—as long as you take care...
