King Solomon's Mines tells of a search of an unexplored region of Africa. Allan Quatermain, an adventurer and white hunter based in Durban, in what is now South Africa, is approached by aristocrat Sir Henry Curtis and his friend Captain Good, seeking his help finding Sir Henry's brother, who was last seen travelling north into the unexplored interior on a quest for the fabled King Solomon's Mines. Quatermain has a mysterious map purporting to lead to the mines, but had never taken it seriously. However, he agrees to lead an expedition in return for a share of the treasure, or a stipend for his son if he is killed along the way. He has little hope they will return alive...

Sir Henry Rider Haggard (1856-1925) was an English writer of adventure novels set in exotic locations, predominantly Africa, and a pioneer of the Lost World literary genre.
