Guided Comprehension in the Primary Grades Maureen McLaughlin

Written in response to recent developments in reading research and a demand by primary-grade teachers for a comprehension-based instructional framework, author Maureen McLaughlin presents *Guided Comprehension in the Primary Grades*. Adapting the Guided Comprehension Model introduced in her best-selling book (with Mary Beth Allen) *Guided Comprehension: A Teaching Model for Grades 3-8*, McLaughlin presents a teaching framework that develops reading comprehension in primary-grade students through direct and guided strategy instruction, numerous opportunities for engagement, and a variety of leveled texts and instructional settings.

Chapters explain the theoretical framework of the Guided Comprehension Model for the Primary Grades, present theme-based lessons for implementing the Model, and offer practical ideas for classroom organization and management. The appendixes provide additional teaching ideas, a literacy continuum for the primary grades, extensive lists of resources, reproducible forms, and home-school connections. The book will help you implement the Model in your classroom and teach comprehension strategies to your youngest learners.

The International Reading Association is the world's premier organization of literacy professionals. Our titles promote reading by providing professional development to continuously advance the quality of literacy instruction and research.

Research-based, classroom-tested, and peer-reviewed, IRA titles are among the highest quality tools that help literacy professionals do their jobs better.
