First published in 1969, this classic manual of automotive repair equips VW owners with the knowledge to handle every situation they will come across with any air-cooled Volkswagen built through 1978, including Bugs, Karmann Ghias, vans, and campers. With easy-to-understand, fun-to-read information - for novice and veteran mechanics alike - anecdotal descriptions, and clear language, this book takes the mystery out of diagnostic, maintenance, and repair procedures, and offers some chuckles along the way. This edition features new information on troubleshooting, new photos, and an updated resource list.
