Unfortunately, you had no idea where to start from. In this book, you will discover how you can make a game. Your ideas should not be buried in your head; you just don't know if they could make the next "Grand Theft Auto." In order to make a simple game, you mainly need a computer and game-making software. Since you play games all the time, then you already have a computer. If not, you can build one easily. As for the softwares, you can download them online. Some are free while some come at a cost. Making your first game will not be an easy task as there are a couple of things you need to learn first. So you should not have high hopes for your first game. But with time and practice, you will definitely get better. In this book, I will show you the best softwares you can use to make your own games. I will also give you things you must think about before you start developing your game. In addition to that, you will also find guidance on testing your game, tips for becoming a great game developer, advice on creating game ideas, and more. If you thought that making games was something only for big companies, this book will show you that you too can do it. I hope you will find this book helpful.
