Pocket Genius: Inventions DK

Discover the fascinating world of inventions and technology. From the first tools to the latest gadgets, *Pocket Genius: Inventions* showcases key inventors and inventions that changed the world from air, space, water, and land transportation to everyday objects in the home, medical tools and aids, plus telescopes, roller coasters, satellites, and robots, and a look at future technologies. Redesigned in paperback, DK's best-selling Pocket Genius series is now available in an engaging compact and economical format that is ideal for both browsing and quick reference for use in school and at home. Catalog entries packed with facts provide at-a-glance information, while locator icons offer immediately recognizable references to aid navigation and understanding, and fact files round off the book with fun facts such as record breakers and timelines. Each pocket-size encyclopedia is filled with facts on subjects ranging from animals to history, cars to dogs, and Earth to space and combines a child-friendly layout with engaging photography and bite-size chunks of text that will encourage and inform even the most reluctant readers.

From reader reviews:

George Oneal:

What do you think of book? It is just for students since they're still students or this for all people in the world, the particular best subject for that? Just you can be answered for that issue above. Every person has various personality and hobby for every single other. Don't to be forced someone or something that they don't need do that. You must know how great as well as important the book Pocket Genius: Inventions. All type of book can you see on many resources. You can look for the internet resources or other social media.

Robert Stratton:

Information is provisions for people to get better life, information today can get by anyone from everywhere. The information can be a expertise or any news even restricted. What people must be consider while those information which is inside former life are challenging to be find than now could be taking seriously which one works to believe or which one often the resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Pocket Genius: Inventions as your daily resource information.

Mary Partee:

The particular book Pocket Genius: Inventions has a lot of knowledge on it. So when you read this book you can get a lot of gain. The book was published by the very famous author. The author makes some research just before write this book. This book very easy to read you can get the point easily after perusing this book.

Ira Atwood:

That publication can make you to feel relax. This particular book Pocket Genius: Inventions was bright colored and of course has pictures on there. As we know that book Pocket Genius: Inventions has many kinds or variety. Start from kids until youngsters. For example Naruto or Detective Conan you can read and think you are the character on there. Therefore not at all of book are usually make you bored, any it offers you feel happy, fun and chill out. Try to choose the best book for you personally and try to like reading this.
