The Life and Death of Steve Jobs: One More Thing Michael Essany

It is perhaps no great exaggeration to presume that the number of times the Steve Jobs story has been told is roughly comparable to the number of iPhones that have been sold since the revolutionary Apple smartphone was first introduced in 2007. As history attests, there are few people about whom more books and articles have ever been written. Yet for all the media coverage that Steve Jobs has attracted throughout his storied career, there's a tangible sense among the general public that we never fully knew the real man behind the legend. In *The Life & Death Of Steve Jobs: "One More Thing..."* Michael Essany chronicles Steve Jobs's awe-inspiring accomplishments and sheds light on the little known personal details of Jobs's life.
