How do you heal from your past when you're still trapped within it? I lost myself the night of the party. Just like that, my innocence and my sanity were torn away. I would like to say that time heals all wounds, but it doesn't. And I would like to say that falling in love is what rescued me, but it wasn't. Nobody told me what to expect in the coming days and weeks and months after conceiving a rapist's child. Years later, my wounds are still just as fresh as the night they were made. It would be so easy to disappear and allow the memories to consume me. But that's the choice, isn't it? To live instead. \*\*This book contains rape triggers. Discretion is advised.
