Culture and Society in the Asia-Pacific (Pacific Studies)

Culture and Society in the Asia-Pacific (Pacific Studies)

This important new text examines the crucial social and cultural factors associated with the rise of the Asia-Pacific region at the end of the Twentieth Century.

It takes a close look at those areas which have affected the everyday life of the people most directly. These include:

- * the family
- * gender relations and the position of women
- * religion
- * the arts, with specific reference to film
- * ethnic relations and population migration
- * education, and the images of the Asia-Pacific.

The authors discuss real tensions between tradition and modernity in different nations of the Asia-Pacific, exploring the effects that economic growth has on powerful traditional cultures.
